Cracklewood Golf Club

Ending Child Homelessness

Dear Friends,

There are over 1,500 school aged homeless children in Macomb County. At home they have siblings that total that many or more. There are many working families in Macomb County that are struggling in our current economy and need a little help to get into affordable housing. You can make a difference in a child's life. Your support might be the difference between them sleeping in a car, or having a roof over their head.

We believe in a community where all individuals have a safe, decent and affordable place to call home. A home where children can thrive and grow to be the best version of themselves. We need your help to make a child's dream of sleeping in their own bed a reality.

On Friday August 25, 2023, Hearts for Homes will host its first ever golf outing at Cracklewood Golf Club in Macomb. We are excited to bring you this amazing day of golf, food and fun! As excited as we are, this event's success is dependent on community partners like you. We ask that you consider participating by playing, sponsoring, donating a raffle or swag item, or just attending dinner. Working together, we can truly make a difference in the life of homeless children and their working families.

Since 2017 nearly 300 children and their families have a place to call home thanks to Hearts for Homes. Because of our generous donors, we are able to provide advocacy, eviction prevention, security deposit assistance and referrals to other agencies. With your support, we can continue to improve the lives of homeless children and their working families in Macomb County.

***Together we can make a difference!***

We appreciate your support.
